

Mrs. Broman's Firsties (a Facebook Group)

Dear Families,

I have created a Facebook Closed Group for our classroom. It is named "Mrs. Broman's Firsties". The only people that will see our pictures and posts are the people in our group. I will be the moderator. I will only allow parents and other HES teachers into our group. If you are interested in participating:

1. Go to Facebook.
2. Search for "Mrs. Broman's Firsties" (or www.facebook.com/groups/mrsbromansfirsties/)
3. Send a request to join.

Purpose - The purpose of creating our classroom Facebook group page is to strengthen the connection between your home and our classroom. Your child and I want to share our learning with you.

My hope is that when you check our page with your child it will spark discussions at home. This home/school connection is vital in teaching kids the importance of being lifelong learners.

Digital Citizenship- I will use the page as an opportunity to discuss digital footprints and being a digital citizen. It is important for children to begin to understand that what is posted is "forever", and that we need to use virtual manners when we post and comment.

Commenting- I encourage parents to comment on our posts. Kids love it when their families comment. It shows them that you are interested in their learning.

Pictures- I will be posting pictures on our page. If you do not want any images of your child posted, please indicate that on the permission form.

Questions or Concerns? Contact me anytime!

We are looking forward to sharing!
